## ONE DEAD IN WRECK

Man on Work Train is Killed and Several Others Injured

### COLLISION AT DENBEAU

One man was killed and ten others more or less seriously injured when a local freight train crashed into the rear end of a work train on the Monongahela Division, P. R. R., at Denbeau at 9:30 o'clock this morning. The dead man and those hurt are all foreigners. The body of the man killed was brought to the undertaking rooms of Deputy Coroner H. T. Christ at California, and all but three of the others were taken to the Memorial hospital at Monongahela.

The Dead  
ANDY SCINARANK, aged 40, married, of West Brownsville.

The Injured.  
COSMO PLUVIUS, has compound fracture of leg and broken pelvis bone, will likely die.

COSMO DONDASCO, two toes off, will recover.

MATO MARKOVITCH, left shoulder blade broken; will recover.

ANGELO MATO, head badly cut and bruised and leg injured; will recover.

PETE WEGIL, ribs broken, head cut, and body bruised and cut; will recover.

PETE GUSTRICK, leg and knee cut and bruised; will recover.

MAGIO OCTAVIS, leg injured; will recover.

Three of the injured men were so slightly hurt that they were let off the train at West Brownsville. Of those who were brought to the Memorial hospital at Monongahela, only the one is expected to die. They were in charge of relief doctor H. P. Eighan.

The cause of the collision is not known. From the story told the men who were hurt were in a flat car when the freight train approached from behind, striking the work train and smashing one car. Workmen were caught in the smashup. J. Fisher was in charge of the freight train. The train due in Charleroi at 10:38 was held up while the tracks were cleared. It also served as the relief train to transport them to the hospital at Monongahela.

## CENTENARY BEGINS WITH NOISY ACCLAIM

Perryopolis Fires Salute, Blows Whistles and Tolls Bells Announcing That it is 100 Years Old and Proud of It

With the firing of a salute by 21 guns, the vigorous tolling of bells and energetic blowing of whistles through out Perry township, the centenary celebration of Perryopolis started at 6 o'clock this morning. Good weather characterized the opening day. A tennis tournament and target shooting constituted the forenoon program. This afternoon there will be a tennis tournament and a baseball game.

One of the big events of the entire celebration will take place at 6:30 o'clock tonight, when an automobile parade will be held. A prize of \$500 will be awarded to the owner of the best decorated car. Judges for this event will be W. E. Sears of Belle Vernon; H. M. McDonald, of Dawson, bunting.

## WHO DID THIS WILD SHOOTING?

"Murder" Screams Woman— "Coming" Wireless Police And They Do.

Shortly after midnight this morning the people living in the neighborhood of lower Third street were rudely awakened by the sounds of shooting and of a woman screaming "murder."

Policemen rushed to the home of George Specks, colored, and placed Mart Higgins, colored, and another colored man, who is known as "Shim" under arrest, as being the principals in the affair.

Some one is reported to have used a knife, and some one in the house is said to have done the shooting, but who the guilty persons were remains a mystery. Higgins' face was slightly cut. "Shim" alleges that Higgins got him down and that he might have used his knife, but he doesn't know if he did.

The two men it is alleged were intoxicated when arrested. Victory Kenny and Ida West, two colored girls, are being held as witnesses. The hearing will be held this evening at 7 o'clock before Burgess Woodward. Other developments are looked for at the hearing.

## ROAD ENGINEER IS TRANSFERED

L. C. Bittzer, state road supervisor who has been in charge of the resurfacing of Lincoln avenue extension, has been ordered to take charge of some repair work near Beallsville, where the state is going to repair 3,000 feet of road.

Mr. Bittzer will move to Beallsville at once and start the work. He stated this morning that he might return here as soon as the work there is completed and finish the road repairs which still needs considerable repairing. The road is improved, but there is still much to be desired.

### Marriage Licenses Granted

Marriage licenses have been granted to David Elroy Nicholls of North Charleroi and Miss Ruth E. Tidball of Monongahela, and also to Paul Franz and Miss Mary Miklos both of Charleroi.

## DAIRYMAN TO GET TESTER

County Organization Arranges For Employment of Expert In County.

The first cow testing association in Western Pennsylvania has been formed in the Charleroi valley among the dairymen surrounding Washington and Canonsburg. Application has already been made to State college for a qualified and efficient tester to take up the work as soon as possible.

The association will consist of 26 breeders who have 450 cows. Of the 26 herds there are 11 purebred Jerseys, 11 herds of purebred Holsteins and six herds of purebred Guernseys, together with several herds of mixed grades.

Two milk stations will probably be organized in the county, one of which will probably take in the section surrounding Charleroi. The association will mean much to the members. It will give them the tools milk production, the butter fat production and cost of such production from each cow. This will enable them to breed up their cows. It will give a yearly record to the breeders of pure stock.

## TO LAY CORNERSTONE OR NEW HOSPITAL

One of the interesting events of the near future will be laying of the corner stone of the new general hospital in Brownsville, which will take place with Masonic rites at 12 o'clock noon Thursday July 9. District Deputy Grand Master John M. Core, of Uniontown, will be in charge of the ceremonies, assisted by Brownsville lodge No. 60. All Masons from Uniontown, will be invited to take part in the rites. Members and visitors will assemble at the lodge rooms in the Snowden Building at 10:30, and proceed to the site of the hospital in full Masonic dress. A large number of Masons from this vicinity will be present.

When a person convinces himself he is tired, there is no use arguing, he is.

## IS HERO SO HE GETS SCHOOLING

Stockdale Young Man Finishes College Course Provided by Commission

### SAVED LIFE OF MINER

The return of Albert Simpson from Columbus, Ohio, to Stockdale, recalls the story of his heroism, a story that has often been told in the homes of the miners in the Monongahela valley, though scarcely a word was said about the matter at the time in the newspapers.

He was a miner employed in the Alice mine. One day he and Arthur Smith saved the life of Edward Spence, formerly of Monongahela. The latter had been caught in a fall of slate. At any moment tons more might come down. At the risk of his own life he got Mr. Spence free and dragged him from the room barely in time to save their lives. Arthur Smith assisted him in the dangerous undertaking. The attention of the Carnegie Hero commission was called to the matter and Mr. Simpson was liberally rewarded. The desire of his life was for a better education. He spent two years at Carnegie Tech and two years more at the Ohio State university where he has just been graduated as a mining engineer and is ready to take up his life's work. The Hero commission provided the funds needed to enable him to get his education.

## ENDEAVORS WILL MEET

Arrangements Made in County for Sending Party to Convention

Washington county Christian Endeavor workers are taking a great interest in the state convention to be held at Uniontown July 7, 8 and 9, and plan to send a delegation of at least 100. The following persons will probably be among those to attend the convention from Charleroi: Miss Bessie Ritchey, Miss Marie Whitehead, Miss Mamie Rockwell, Miss Leila Orange, Miss Velma Orange and Miss Margaret Hackett. A number of others will probably attend and a large delegation is expected to go from Charleroi to take part in the big parade Wednesday afternoon, July 8.

The Washington county delegates plan to meet at Charleroi and after lunch here take a Pennsylvania special to Uniontown, leaving here at 12:35, arriving in Uniontown in time for the opening meeting at 4 o'clock. The delegates will have a banner and badges.

The county officers have been working hard to have every society in the county represented by at least one delegate. Some of the societies have reported that as many as ten will go. Many of the delegates will pay their own expenses, which will be low.

A program of unusual interest has been prepared. Among the speakers who will address the convention are: Dr. Clarence H. Chain, of Philadelphia; Rev. Hugh T. Kerr of Pittsburgh; Daniel A. Pollag, superintendent of the Christian Citizenship

## CARS NOW OPERATING

Looks Like Old Times on Local Electric Railways Line

### THROUGH SERVICE SOON

Cars are operating in old-time form now between Charleroi and Monessen and Charleroi and Belle Vernon, and conditions are about normal as a result of the settlement of the strike on the two lines Wednesday. Business has taken on added life and things are looking better than they have for months.

The strike while it lasted had a bad effect on business in the town principally affected. Motor trucks were largely patronized, but still they did not win the patronage that cars enjoyed previous to the strike and the community suffered.

Interest now centers in the opening up of the through electric railway line to Bentleyville. No definite date has been set by the officials of the West Side Electric Street Railway company for the beginning of regular service between Bentleyville and Ellsworth with Charleroi, but it will be a matter of only a comparatively few days. Attention is yet needed two miles out from Charleroi to complete the line and as soon as work there can be finished, the operation of through cars can be started.

Cars are now running from Weaver to Ellsworth on the Bentleyville end, and it is possible to run cars out a considerable distance on this end of the line.

## STOCKDALE MAN BUYS GELDER MEAT MARKET

A deal of some importance has been consummated within the last few days in Charleroi, the meat market of James Gelder on McKean avenue having been sold to August Wasieck of Stockdale. Mr. Wasieck has assumed charge and is making preparations for handling a good trade.

### FUNERAL OF JOHN I. WOLFE HELD WEDNESDAY

The funeral of John I. Wolfe of Allenport, was conducted at the late home Wednesday afternoon at 2:30 and services were attended by a large concourse of friends from all along the valley. Interment was in Mount Auburn cemetery back of Fayette City.

## THE GLORIOUS FOURTH

There must have been a very pa-  
cific nation a few years ago. We  
were so thoroughly imbued with love  
of country that when the Fourth of  
July came along we just uncorked  
the loyalty and enthusiasm that  
had been bottled up for twelve  
months. We got up early in the morn-  
ing and shot off cannon crackers  
at our sleepy neighbor's window.  
We spent hours in a fusillade that  
filled every street with a rattle as of  
sketchy and an intolerable stench  
of burnt powder. We helped the chil-  
dren fire toy pistols, and aided and  
abetted the use of detonating canes  
exploded on the sidewalk and  
the unwary pedestrian jump  
away across the street. All day  
it was boom-boom-boom and  
crack-crack-crack until ears were  
tired and the nervous system  
shaken, remarks the Altoona Tri-  
bune.

When we had a lovely time on the  
glorious Fourth. The excitement  
erupted for a minute. First lit-  
tle Willie would blow off his thumb  
with a toy cannon, then little Jimmy  
would hold a cannon cracker be-  
hind his teeth until there were  
teeth left, then little Jane would  
be running in with a hand bleed-  
ing from a toy pistol explosion, then  
a runaway horse would go tearing  
down the street and the ambulance  
would rush along with the gong  
ringing madly, and the fire depart-  
ment would come roaring up to put  
out half a dozen fires at once.

At night there were gorgeous fire-  
works on every lawn and in every  
park lot, with the same patriotic  
show of ambulances and fire engines,  
a cannonading and accidents and  
injuries lasting far into the  
night.

Next day the papers would print  
the battle news. It was thrilling. In  
1876 we learned that 163 persons had  
been killed and 3,460 injured (most  
of them children). The next year  
there were 5,092—but the fatalities ran  
up to 215. In seven years 33,000 pa-  
tients were killed or maimed. Some  
were blown to pieces instantly and  
others by the slow and horrible  
process of the law.

When we began to realize that we  
were foolish, materially for largely mutual  
for common, notice for observe, onto  
on or upon, partially for partly,  
for person, past two years for  
practically for virtu-

set off at night, harmlessly, in the  
public parks, to the inspiring music  
of bands and orchestras. Instead of  
juvenile cannonades we had address-  
es by public men. Instead of stirring  
up the hospitals and fire departments  
we packed a family lunch basket and  
went to the park or the country.

The Fourth of July is now a day  
of peace, of rest and recreation, of  
pleasant and dignified celebration, in  
nearly every American city. And  
maybe, after all, we're just as patri-  
otic as we used to be.

## DIFFERENCE IN COURT ETHICS.

In the court of Washington county  
last week, when Judge McIlvaine had  
quizzed James H. Milstead, the coun-  
ty license detective, about his alleged  
membership in drinking clubs, and  
about his own drinking habits, if any,  
says the Monongahela Times, he con-  
cluded by saying:

"You are an appointee of this court,  
and you have the honor of this court  
and your own honor at stake."

Of course Judge McIlvaine meant  
that Milstead's conduct must be such  
as would reflect credit upon himself,  
upon the office, and upon the author-  
ity that appointed him.

Over in Fayette county a short time  
ago the court's official detective, the  
appointee of the court, was forced to  
confess, in the presence of the court,  
the trial of a contested elec-  
tion case, that he had bought votes  
last November. This officer still  
holds his position, and so far as any  
one knows no judge has even so much  
as rebuked him, much less punished him.

These two episodes show the differ-  
ence in court ethics on the detective  
question, between Washington and  
Fayette counties.

Persons who wonder at the smooth

carefulness of the editors in charge.

Prof. Sudbury, who was extremely  
near-sighted, went to the barber's, sat  
down in the barber's chair, took off  
his glasses and allowed himself to be  
shaved. When the artist was done  
with him he did not move and for a  
while nobody disturbed him. But  
other customers began to arrive and  
the chair was needed. The head bar-  
ber, suspecting that his learned pa-  
tron had fallen asleep, asked his boy  
to wake him. The professor overheard  
the order:

"No, my good man" he said, "I am  
not asleep. The fact is I am frightful-

glasses off just now I was no longer

## FOND PAPAS LETTING PROUD OFFSPRINGS RUN CARS; ILLEGAL

It is believed that a clear half doz-  
en fond fathers of Monessen are vio-  
lating the state law relating to and  
regulating motor vehicles by permit-  
ting their sons under legal age to  
operate their cars, according to the  
Monessen News. The fine for the  
first offense is \$10 to \$25.

The state law says: "No person  
under sixteen years of age, whether  
the owner of a vehicle or not, shall  
operate any motor vehicle upon any  
of the public roads, streets or high-  
ways of this commonwealth."

Another section of the same law  
reads: "Application for a license for  
a paid operator shall state that said  
operator is over eighteen years of  
age." Also, it further states,  
"Every person other than a paid op-  
erator, owner, custodian or employee,  
desiring to operate a motor vehicle,  
shall make application to the State  
Highway department upon a blank  
furnished by the department, for a  
license card, which shall be furnished  
free of charge to the applicant, and  
which shall expire on the 31st day of  
December of the year in which it was  
issued."

In short, no person under 16 years  
of age shall operate a car; no person  
under 18 years shall operate a car as  
a paid operator; and no person what-  
ever, not an owner, shall operate a  
car without a license card.

Attention is called to a number of  
violations in this vicinity, which may  
cause trouble for the owners.

## What Constitutes Success?

There are different stand-  
ards of judging. John Wana-  
maker ought to know some-  
thing about it. He has at-  
tained heights in the business  
world where his opinions  
carry weight. Listen to what  
he says:

"The chief reason that every-  
body is not successful is the  
fact that he has not enough  
persistence. Do one thing well  
throwing all your energies into  
it. The successful man, un-  
like the poet, is made, not  
born."

Encouraging, isn't it? Now  
persist a little more diligently  
than ever. And let us help

## World's Greatest Preacher To Speak at Our Chautauqua

DR. FRANK W. GUNSAULUS.

DR. FRANK W. GUNSAULUS, referred to far and wide as the world's  
greatest preacher, is also president of Armour Institute of Technology  
and pastor of Central church, Chicago. In oratory no one excels him  
in either American or European pulpits. Few Chautauquas in Amer-  
ica can give to Dr. Gunsaulus an audience as large as the one which he ad-  
dresses every Sabbath morning in his home city in the great Auditorium the-  
ater. No small portion of this audience is made up of people from the hotels  
stopping temporarily in Chicago. It is quite generally conceded among people  
of education and those interested in the work of the present day church that  
the traveler who visits Chicago has not really completed a tour of that city  
until he has seen the vast Sunday morning audience in the Auditorium the-  
ater and heard the orator who occupies that platform. In scores of towns and  
cities the announcement of his appearance makes necessary the providing of  
extra trains to carry the people who come to hear him from surrounding  
towns.

ance of over 5,000 uniformed knights in the park on the day of the picnic. The outing to be held under the auspices of the field day association in which every commandery of Western Pennsylvania is represented. The proceeds of the picnic are to go towards the expense of erecting buildings for the Knight's of Malta's home and hospital, for which the ground has already been purchased on the main line of the Pennsylvania railroad, near Lewistown.

A big sport program has been arranged for the afternoon, and a splendid dance program, including all the latest respectable dances, and some of the old time dances, among which will be square dances and quadrilles, with the old time prompt or calling out the different figures. The booths throughout the day will be in charge of the Dames of Malta from the various sisterhoods. Music will be furnished by some splendid bands. There will not be a dull moment from 8 o'clock in the morning until 11 o'clock at night.

## SQUABBLE STARTS OVER MATTER OF FEES FOR JUSTICE

Complications have arisen as a result of the decision of the court recently on the question of the allowance or non-allowance of certain justice of the peace fees, which may require further interpretation by the court. The matter came to a head Wednesday in Washington.

Justice J. F. Carmichael sent an officer to get a prisoner from the sheriff for a hearing and did not give the officer a release to present to the sheriff, because the recent decision of Judge J. A. McIlvaine, declares that justices are not entitled to receive pay for these releases.

The sheriff would not give up the prisoner without a release to show what had become of the man. If the sheriff gets no release, he is placed in an awkward position, if he is ever called upon to show the disposition made of the prisoner.

It is suggested that the question might be settled by the justices, issuing the releases without being paid for them and forget about the 25 cents, but then they will say that they are not justices for the benefit of their health.

## KNIGHTS OF MALTA DRILL AT PICNIC TO BE BIG FEATURE

One of the principal events of the Knights of Malta's annual picnic and field meet, which will be held at Kennywood park, Saturday, July 25, will be the dress parade competitive drill of uniformed knights during the afternoon, in command of Col. John G. Miles, of Wilkensburg. The competitive drill is for the possession of a handsome Malta flag, which was won by Aerial commandery No. 115, of McKeesport last year. To become permanent possessor of this flag it must be won three times in succession. The prospects are for an attendance of over 5,000 uniformed knights in the park on the day of the picnic.

# Advertising

COMMONSENSE people all now recognize the value of letting the public know who you are, and what you have to offer in the world in the way of commodity or service.

WHEN we speak of advertising we speak of the most powerful force that acts today in the world of business.

THE American people form by all odds the best educated and most open-minded public in the world. All they want is the truth, and when get that, they act clearly, logically, and some times with surprising speed.

THE public wants to know the facts. It wants the facts about a kind of shoe or a brand of flour. It wants to know the kind of stuff that goes into a suit of clothes or a package of crackers.

## The One Thing Above All Others The Public Demands is Publicity

IT has learned to be very skeptical about any event that occurs in the dark.

DO not keep your light under a bushel and create the opinion that you are no longer in business. Let the people know what you have to offer to them.

### REWARD OUT FOR TEAM AND MAN

To the person who finds a team of two black horses that were hired from Leslie Woodward's livery barn in California and never returned, the sum of \$50 will be presented. If the man who hired the team is located so that he can be arrested and convicted \$25 will be added to the reward.

Mr. Woodward, who is a brother of Burgess S. L. Woodward and Guy Woodward of Charleroi and Davis Woodward of North Charleroi has been anxiously hunting his team since last week. On June 23, a heavy set man appeared at his livery barn and hired a team to be returned the same day. He failed to turn up. Search was started on Thursday and is still being continued. It is believed the man went to West Virginia and Mr. Woodward has mailed cards to the police of practically all of the towns there in an endeavor to locate both the team and the man.

### EVANGELIST HALL TO BE IN CHARGE AT CAMPMEETING

Evangelist W. W. Hall, who has conducted remarkable evangelistic campaigns at California and Belle Vernon within the last few months, has been elected by the directors of the Bentleyville Holiness Association to have charge this summer of campmeeting at Bentleyville. Prof. H. A. Jennings of Pittsburgh an associate of Dr. Hall, will be in charge of the music.

The camp will open on August 14, and will continue for ten days with services each day. Sundays will be the big days, as usual, and for the first time in history Charleroi people and people residing in this immediate vicinity will have a good opportunity to attend because of the through trolley service that will be established before then to Bentleyville. At the conclusion of camp evangelistic services will be conducted at the campground until September 6.

### Fire at Coal Bluff

Fire at Coal Bluff at an early hour Tuesday completely destroyed two houses owned by the Pittsburgh Coal company. The houses were occupied by foreigners, who were able to save very little of their belongings.

### Plans Daring Voyage.

An Irvine man is about to make an attempt to establish a record in the way of a voyage to St. John's, Newfoundland, in a sixteen-foot open sailing boat, reports the London Mail.

The adventurer is Mr. James Green, who is at present employed in Messrs. Mackie and Thomson's shipbuilding yard. Mr. Green has long entertained the idea of making this attempt, and has given the matter careful consideration. He has made arrangements for all his supplies being stored in airtight tanks, and with this exception he does not intend making any alterations on his boat.

He will coast right down to Liverpool, thence over to Queenstown, and after completing his stock of provisions there, his route will be straight across the Atlantic to St. John's.

Mr. Green will undertake the journey unaccompanied, and will take a few books with him to read when the conditions are favorable, and he anticipates doing the double journey in about five months.

### Spotlight as Foe to Cupid.

A mounted police officer, the pomel of whose saddle will be provided with a powerful searchlight, and whose duty it will be to patrol the beach front at night for the purpose of putting an end to the "spooning" of young couples, is the latest innovation of Acting Chief of Police Sam Browne of Los Angeles, Cal.

This stretch of smooth beach, sheltered from the gaze of the curious by a precipitous bluff for the most of its length, has been for years a retreat of lovesick swains and the rendezvous of the bibulous who have sought its seclusion for a quiet spree.

Each succeeding chief of police has made vain attempts to break up the illicit use of liquor and the clandestine meetings of foolish girls and their sweethearts in the sand, but it remained for Chief Browne, assisted by Policewoman Reinhardt, to solve the problem by providing a mounted officer with an automobile style searchlight that will penetrate every nook and corner of the beach.

### Spoons in China.

The Chinese do not use knives and forks as we in this country do, but they have some use for spoons. Consul-General Anderson writes from Hong-Kong that there seems to be no reason why some energetic American spoon manufacturer cannot develop a market in China. Before the Standard invaded China with its 7-cent lamps the Chinese had little artificial light. Now it is only a very humble candle that is without illumination by night. So with the spoon. John Chinaman knows what spoons are, having made them himself. Long, peculiar looking instruments they are, but spoons for all that, and serving spoon purposes just as well as our dainty designs. Spoons of German and Australian manufacture, made in imitation of native goods, are sold in increasing quantities in the Chinese department stores of Hong-kong.

### MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa. "From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any."

Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy. --Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
